I agree to the following payment plan terms and refund policy:

- Registration is not complete until your payment plan is received by the GoStrategic (SCS) office.

- Payment plans are arranged and held via credit/debit card and must be completed within 10 months of commencement unless alternative arrangements are made in writing with the office.

- If scholarship funds are awarded or work-trade credits applied, this amount will be deducted from the total tuition, and you are responsible for the deposit and payment balance.

- A fee of $10 will be added to late/declined tuition payments. Should your credit/debit card be replaced, please provide the office with updated payment info before your scheduled payment date.

- If enrollment is discontinued by you or the school, your credit card will be charged a $100 cancellation fee, future payments will be cancelled, and the curriculum received is yours to keep.

- Students who do not pass the course may repeat the same course for $100 plus any tuition balance not previously paid (prices subject to change).
